I-195 Redevelopment District

ADDENDUM NO. 002

Request for Proposals for the Development of Parcel 1A

The I-195 Redevelopment District (District) is soliciting a Request for Proposals (RFP) for the development of Parcel 1A.

Prospective Respondents and all concerned are hereby notified of the following changes in the Request for Proposals documents for the above-listed RFP. These changes shall be incorporated in and shall become an integral part of the RFP documents.

- 1. Responses to this RFP are now due Friday, October 20, 2023 at 4:00PM. All other requirements for responses remain consistent with the instructions in the RFP.**
- 2. It is the opinion of the District's civil engineer, Fuss & O'Neill, that it may be acceptable for buildings to cantilever into the Coastal Resources Management Council (CRMC)-required construction setback area. Any cantilever into this area will still require approval from CRMC.**
