Request for Proposals
For
Park Consulting Services**

Deadline for Submissions: Friday, January 5, 2024 by 3:00 P.M.

The I-195 Redevelopment District (“District”) is soliciting proposals from firm(s) qualified to provide park consulting services to support 195 District Park (“District Park”) in Providence, Rhode Island. The selected firm will:

- Provide tactical advice to support the growth of District Park.
- Assist with current and future park programming development.
- Advise the District on park policies and operations.

About the District

The District and its governing Commission were created in late 2011 to oversee the redevelopment of land made available in downtown Providence as a result of the relocation of Interstate 195. The Commission is focused on using the land to support growth of the knowledge-based economy in the state by developing a vibrant innovation district and reknitting the communities that were separated for decades by an elevated highway. The 26-acre District is comprised of individual parcels, the majority of which are developable land. Completed, planned, and under construction projects in the District include office, lab, residential, and hospitality uses.

The District is led by an Executive Director and has a staff of eight. There are two full-time positions and two part-time positions dedicated to District Park.

For more information on the District, please visit www.195district.com.

About District Park

District Park is a seven-acre urban park located along the Providence River. Connected by the Michael Van Leesten Memorial Bridge, District Park connects the east and west sides of the city and has views of the skyline and the Providence River.

District Park opened in 2019. It is heavily programmed with approximately a hundred unique events held between April and November 2023, and two seasonal, semi-permanent food and beverage establishments: a beer garden with a food truck program and an ice cream vendor. Events include concerts, community gatherings, art markets,

conferences, family activities, fitness and movement classes, film screenings, and more. The District runs a grant program to support events that are free and open to the public. There are approximately 5,000 visits to the Park daily and about 1.5 million total visits to date in 2023.

The District is developing an approximately 3,500-SF park pavilion that will include year-round food service operated by the Isle Brewers Guild in partnership with Seven Stars Bakery, public restrooms, and a park office. Construction will begin in 2024.

Scope of Work

The District is seeking a forward-thinking firm with the background, knowledge, and demonstrated record of execution to serve as an on-call park Consultant (“Consultant”).
